The RAFA is a recreational activity for authorized users. The activity was established to provide safe, low-cost light aircraft recreational flying opportunities. We provide flight instruction, supplies, equipment and related services for minimal fees. We can help you develop skills in aeronautics and provide you with information on aviation requirements, safety and techniques. We also hope to help you have a great time.

**FOR ADDITIONAL INFORMATION, CALL 256-881-3980 or 256-880-8495**
